

BID GUIDE
**2028-2029-2030 UCI TRACK
WORLD CHAMPIONSHIPS**

1 FOREWORD FROM UCI PRESIDENT DAVID LAPPARTIENT

Cyclists worldwide dream of wearing the rainbow jersey of UCI World Champion, a distinction that goes to only the very best of our sport.

Each year, the Elite of track cycling have just one event at which they can win that precious jersey in the discipline: the UCI Track World Championships.

The UCI Track World Championships are the discipline's leading annual event and are much awaited by athletes and fans alike. To perform to their best, the athletes need to be sure that they can compete in the best possible conditions, which is why the role of the event's host is so important.

The UCI greatly appreciates the interest and commitment shown by potential organisers. In bidding to host the UCI Track World Championships, you have already demonstrated your wish to invest in the future of this discipline and I thank you sincerely for that.

To help simplify the bidding process, we have prepared this concise, practical guide that was prepared after consultation with our various partners. Our aim is to help potential hosts compile a water-tight candidature file that contains all the required elements, for example concerning the competition site, infrastructure, transport, emergency services, accessibility etc.

This bidding guide also answers frequently asked questions such as: What commitments do candidate organisers make? What services does the UCI offer? What are our obligations? What about scheduling and deadlines?

I wish you the best of luck in your bidding procedure and hope that we will be able to come to your city or region with an edition of our UCI Track World Championships.

David Lappartient
UCI President

2 A BIT OF HISTORY

Speed, excitement, intensity are the DNA of track cycling. More than just sporting event, it is a true show for the many spectators attending.

Track cycling can be considered our sport's Formula 1, whereby power and speed reach their climax. Whilst oxygen becomes scarce and muscles are burning, the quest for the rainbow jersey takes over... to the delight of the crowd.

The diversity of the event attracts a large audience, with endurance and sprint, individual and team races ensuring an electric atmosphere throughout. The grandstand's proximity to the track brings the public to the heart of the event.

The percentages represent the approximate share of marketing and sponsorship rights each level will be entitled to.

APPENDIX L: EVENT LEGACY

DEVELOPING CYCLING IN YOUR CITY

Hosting a UCI event provides the perfect platform for promoting the development of cycling in your city.

- Do you want to promote your region/city as a bike-friendly environment?
- Do you wish to develop tourism in your area and encourage your citizens to use bikes as a means of transport?

Hosting a UCI event will provide a concrete translation of your ideas and plans. The UCI can support you as you build a strategy to develop cycling: we can provide you with ideas and benchmarks from successful initiatives around the world to help you to reach your goals.

We share the same target: to develop cycling!

Cycling is more than a sport, it is the answer to many concerns of our society: public health, environment, traffic...

UCI BIKE CITY LABEL

In order to promote cities and regions that invest in cycling, the UCI has created a "UCI Bike City Label". This label will distinguish cities active in two areas:

- Hosting a UCI event
- Developing cycling within its population.

Hosting a UCI event will provide a concrete translation of your ideas and plans. The UCI can support you as you build a strategy to develop cycling: we can provide you with ideas and benchmarks from successful initiatives around the world to help you to reach your goals.

The city/region will be entitled to use the label over a five-year period.

The label will be awarded each year during the UCI Road World Championships. A communication plan dedicated to the winners will be established through the UCI's various communication channels.

ABOUT THE UNION CYCLISTE INTERNATIONALE

The Union Cycliste Internationale (UCI) is the world governing body for cycling recognised by the International Olympic Committee (IOC). The UCI's mission is to develop and promote cycling - in close collaboration with National Federations - as a competitive sport, as a healthy recreational activity and as a means of transport.

The UCI governs eight disciplines of the sport of cycling: road, track, mountain bike, BMX Racing, BMX Freestyle, cyclo-cross, trials, indoor cycling. Five of them are represented at the Olympic Games (road, track, mountain bike, BMX Racing and BMX Freestyle), two at the Paralympic Games (road and track) and four at the Youth Olympic Games (road, mountain bike, BMX Racing and BMX Freestyle).
